## We started the motorcycle insurance revolution

Our founder, John Baker, revolutionised motorcycle insurance in the late 1980s when nobody else was paying attention to two and three-wheel riders. Today, we continue to lead the pack by providing the best, customised cover, price, support and claims. And when you have a Star insurance policy, you deal directly with the decision makers at every stage from quotes to claims. That means answers fast, from the people who are empowered to take action. We have an in-house claims team and even employ our own specialist assessors covering New Zealand to speed up the whole process. It pays to talk to the motorcycle insurance specialists.

## More torque than other insurance companies
